## THIS IS YOUR STREET ROD CATALOG

Thank you for trusting Steele Rubber Products with the protection of your Street Rod.

Here at Steele Rubber Products, we've been making quality crafted rubber parts and weatherstripping since 1958. We're a family run business now in its third generation and we continue to proudly manufacture in the United States!

Our goal is to provide you the best quality and fitting seals and weatherstripping available on the market. Learn more about us and everything we offer by visiting our website at [steelerubber.com](http://steelerubber.com).

## HOW TO USE THIS CATALOG

We've done a lot of research to make this catalog easy to use and it's designed to help you find what parts you need. Grouped into specific categories, each part is presented with a profile silhouette and exact dimensions to help you identify the correct shape and size, ensuring the best fit.

We are so determined in finding you the best solution, we even offer samples of our seals before you make the decision to buy. If at any time you need assistance, our team of Product Specialists are here to help.

# Door Weatherstripping

## Peel-N-Stick Door Seals

Our Peel-N-Stick weatherstripping can be used any place a rubber seal is needed. With the easy to use Peel-N-Stick adhesive backing, simply cut to size and apply to the areas you need to seal. Available in multiple lengths and in a variety of profiles, our Peel-N-Stick parts are made of the same quality sponge & dense rubber found in our standard rubber parts and weatherstripping.

## 3M Masking Tape

3M™ Automotive Performance Masking Tape is a quality masking tape developed for the special requirements of the automotive restoration industry. It provides excellent adhesion to moldings, metal, plastic and rubber.

96-3433-96 - 1/2" WIDE

96-3431-96 - 3/3" WIDE

## 3M Super Strength Molding Tape

3M Super Strength Molding Tape is ideal for permanently attaching side moldings and trim to your vehicles, adding long-term protection and value. This tape features an extremely strong adhesive that's also easy to use. Just pull of the red liner and apply. 2 widths available.

96-3616-96 - 7/8" WIDE TAPE

96-3614-96 - 1/2" WIDE TAPE

## 3M Adhesion Promoter Sponge Applicator Packet

Formulated specifically for use with 3M Super Strength Molding Tapes, promotes a permanent bond with most low surface energy plastic materials commonly used in interior trim and exterior trim parts.

96-6396-96

## 3M Super Weatherstrip Adhesive Black (2 oz.)\*

Designed specifically to bond rubber gaskets and weatherstripping to metal surfaces. This flexible, high-strength adhesive helps ensure a tight waterproof seal on car doors, trunks, roof rails and more. Black or Yellow. 2 oz. tube.

96-8581-96 - BLACK

96-8002-96 - YELLOW

### \*State of California Only WARNING:

Products with an asterisk (\*) can expose you to chemicals including toluene which is known to the State of California to cause cancer or birth defects or other reproductive harm.

## 3M Super Weatherstrip Adhesive Black or Yellow (5 oz.)\*

This Super Weatherstrip Adhesive is designed to bond seals and gaskets to metal to ensure a waterproof and airtight seal inside your vehicle. This adhesive is ideal for weatherstripping around doors, trunk, t-tops, sunroofs, and windows. This adhesive creates a

permanent bond when used on rubber, fabrics, seals, and metal. Although the adhesive remains pliable it is still resistant to the elements, detergents, grease, and more. Choice of black or yellow adhesive. 5 oz. tube.

96-8008-96 (BLACK)

96-8001-96 (YELLOW)

## 3M Weatherstrip Adhesive Black (5 oz.)\*

This Black Weatherstrip Adhesive is designed to bond weatherstrip and seals to other rubber parts and specifically to EPDM rubber. This adhesive is ideal for door, trunk, t-top, and sunroof weatherstripping.

This adhesive creates a permanent bond when used on rubber, fabrics, vinyl, and metal. Although the adhesive remains pliable it is still resistant to the elements, oil, grease, and solvents. 5 oz. tube.

96-8011-96

## Loctite Super Bonder 495

General purpose instant adhesive designed to bond rubber, metal and plastic parts. Excellent for modified gaskets or rubber footage made of dense or sponge rubber. 3 gm. tube.

96-0495-96

Call or visit our website for current pricing

## Black Windshield and Body Sealant

A flexible Windshield and Body Sealant designed specifically for creating a watertight seal between windshield rubber gaskets and Street Rod bodies.

96-8509-96

## 3M Plastic and Emblem Adhesive

An excellent clear adhesive for plastic repair and emblem application. Use this strong, quick-drying adhesive for plastic or metal emblems, interior rigid plastic, tail light lenses, vinyl side moldings or upholstery. 5 oz. tube.

96-8061-96

## 3M Adhesive Remover - Low VOC

3M Adhesive Remover - Low VOC is ideal for helping dissolve and remove dirt, grease, tar, and many non-curing type adhesives. Cleans without streaking and has proven to be excellent for surface preparation in adhesive applications. While this multipurpose cleaner is suitable for industrial use, it's also safe enough for everyday projects.

96-3618-96

## 3M Rubberized Undercoating\*

3M™ Professional Grade Rubberized Undercoating produces a textured finish which resists chipping, abrasion, exterior rusting and weathering. This coating provides one-coat build-up with no dripping, running or sagging. The undercoating is excellent for automotive undercarriages and for other uses including protection for wheel wells, fenders, quarter panels and more.

96-3584-96

### \*State of California Only WARNING:

Products with an asterisk (\*) can expose you to chemicals including toluene which is known to the State of California to cause cancer or birth defects or other reproductive harm. For more information, visit [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

## 3M Urethane Adhesive\*

3M™ Auto Glass Urethane Windshield Adhesive is a medium viscosity, one-part, moisture-curing urethane adhesive. It is formulated to be fast-curing and non-sagging for rapid results and a clean and simple application process. The features of this adhesive produce a high-strength bond and is ideal for mounting vehicle windshields, backlights, sidelights, and even beltline windowfelts.

96-8693-96

## Ferrule installing tool

Installing tool, door and trunk handle ferrule. For 1926-1937 GM cars and trucks using door and trunk handle ferrules such as our #70-0111-69. Without it ferrules are very difficult to install and impossible to reinstall after painting. This tool, copied precisely from a Fisher Body original, does a quick, neat and efficient job of installing ferrules staking them internally to keep them in place. It is precision-machined with a hardened blade, adjusts for depth of reach, knurled for firm grip, and plated for durability. Well worth it for even one car. 6 inches long.

70-0662-69

## Scraper/Tuck Tool

This handy tool is great for scraping off old glue and prepping surfaces without damaging metal. Also can be used to help tuck rubber which makes replacing windshield gaskets easier. A good multi purpose tool. Measures: 7-3/4" by 5/8"

94-0110-00

## Heavy Duty glass retainer clip tool

This tool is specifically designed to fit trim clips over the studs and virtually eliminates glass breakage. A practical tool for placing trim retainer clips over headed studs welded around the body window shields and rear window openings.

94-0106-94

## Panel Clip Retainer Removal Tool

For removing clips and retainers quickly and easily. Simply seat the tool on the shaft of the fastener and squeeze the molded handles together.

94-0100-94

## Trim pad and glued in windshield molding removal tool

For auto trim work. Double ended tool combines both left and right hand. Removes reveal molding on rubberless windshield jobs. 9.5 inches long.

94-0108-94

## Rope Insertion Tool

This Rope Insertion Tool is specifically designed for use when working with rubber gasket set glass. The grip handle is uniquely injects the rope through its stem as it is pulled around the gasket to install. The tool has enough durable rope to accommodate even the of largest windows.

Eighteen (18) foot rope length provides complete coverage.

94-0118-94

## All purpose tool

Use to remove moldings, body clips, windshield seals, cotter pins and radiator hoses. Made of tough spring steel, heat treated, tempered and plated. 8 inches long, 4.875 inch blade with 2 inch hook.

94-0102-94

## Ball End Hook Tool

This hook tool has a small, round steel ball on the end. Once the steel ball is inserted down into the rubber gasket, it is very difficult for it to come out. With the ball end design, should the tool indeed slip out of the gasket, there is less of a chance you will scratch the paint of the vehicle.

94-0101-94

## Mini Hook Tool Set

This Mini Hook Tool Set offers four (4) different configurations to help you get under and pry up the smallest object.

94-0068-94

## Door Panel Clip Tool

This Door Panel Clip Tool provides a quick an easy way to remove door panel clips without causing damage to the trim pad on classic collector vehicles.

94-0017-94

## Steele Branded Safety Glasses

Reinforced plastic and wraparound frame.

94-0109-94

**Dyna Roller Tool**

This Dyna Roller Tool is made of hardwood and serves as an economical tool for applying Ultra-Mat Heat and Sound Insulator Underlayment.

**96-1005-96 - 1" ROLLER 96-1007-96 - 2" ROLLER**

**Locking Strip Tool**

The unique design of this Swivel Tip Locking Strip Tool allows the tip to swivel 90 degrees in either direction to work where other tools will not.

**94-0111-94**

**Locking Strip Tool**

This tool helps install the 3/8" locking strip used on the windshield and rear window of some cars.

**94-0115-94**

**Rivet Set Tool**

Commonly used to secure a rivet which retains weatherstrip installed into a window frame.

**94-3740-94**

Call or visit our website for current pricing
